Gents Morston range of shooting clothes

Royal Zip Gumboots

Gumleaf clothing is a uniquely Norfolk based country clothing brand that covers headwear to footwear. Where possible natural fabrics are used to give practical functional clothing.
All clothing is made in the UK and the wellingtons are made in the EU. We use the finest lambswool for the ladies tweeds and water repellent lightweight tweed for the shooting jackets.

 All prices exclude VAT and Delivery. Prices subject to change E & OE.

Incubator Services

Bristol incubator spares kits are an excellent investment. Knowing most faults can be rectified immediately gives you piece of mind especially at this time of year. Our kits are tailor made to suit all hatcheries, a phone call to our engineers to determine the fault and which part to replace can avoid losses within the machines and expensive engineer call out fees.

Look in the Shooting Times for our Promotions.

Alke Gas Brooders

Type 21	Suitable for 250 birds
ALKE-001	Heat Range 1400–3400 Btu
Type 41	Suitable for 400 birds
ALKE-002	Heat Range 3000–6400 Btu
Type 81	Suitable for 800 birds
ALKE-003	Heat range 6000–12800 Btu

The brooder price includes an installation kit which comprises of the following:

1 adjustable 1–10 regulator
2 metres of gas pipe with jubilee clips
1 stainless steel air filter
2 metres of chain and S hook

PRICE **£71.00 each**

WITH THESE BROODERS APPROXIMATELY 90% OF THE HEAT IS RADIATED TO THE FLOOR

Global 5 Thermostatic Gas Brooder

The strong stainless steel reflector and spherical burner helps to radiate 95% of the heat efficiently downwards.

The Global 5 Brooder can be hung at a higher height (between 1.4 metres and 1.7 metres) than other brooders enabling it to heat a larger area.

All of our brooders are fitted with a flame failure shut off valve as standard which cuts the gas supply if the flame is extinguished.

The Global 5 is suitable for up to 1250 day old chicks.
Heat range from 1500–19500 Btu

The brooder comes complete with a thermostat, regulator, 3 metres of gas pipe, jubilee clips, S hooks and chain.

		Price
GLBL-001	Without filter	£148.00
GLBL-002	With filter	£154.00

 All prices exclude VAT and Delivery. Prices subject to change E & OE.

Gas Brooders

The majority of Game Farmers use Gas Brooders. Over the years the following comments have often been made by experienced rearers of game birds:

"No power cuts with gas."

"Gas rears birds anywhere."

"Gas Brooders with cylinders are cheap and quick to install and easy to use."

Our range of Brooders are simple to use and have been tried and tested over many years.

Owing to the continuing improvement in design and development, changes in specification may occur without notice.

The S.A. Range of Gas Brooders

S.A. gas brooders come in three sizes and all have adjustable BTU ranges as detailed below:

	Model	BTU from -	Turning Down to	Chick Size (approx)	Price
BROD-002	S.A.2	3000	1400	200	**£89.50** 2 plus **£82.50** each
BROD-003	S.A.4	6000	2500	500	**£95.50** 2 plus **£88.50** each
BROD-004	S.A.8	12000	5000	800+	**£100.50** 2 plus **£93.50** each

GASOLEC Game Five

A new brooder from Gasolec made of stainless steel with no ceramic adjustable to be hotter than an SA4 adjustable to be cooler than an SA4 can be used with a thermostat.

Gasolec Game Five

Automatic Changeover Valves

Save Time and Worry

Don't guess how much gas is in a bottle, play It safe with a changeover valve.

Auto Changeover Valve
BVAL-001

Price
£56.00

You get all these features...

Brooder can be fitted to single gas cylinder, or changeover systems as well as multi-brooder gas line

Reliable and economical operation

Very competitively priced

Easy to operate eight position thermostat for sensitive temperature control, reducing need for constant supervision

Medium pressure easy clean gas burner which guards against accidental flame outage which can be caused by chick dawn activity

Easy maintenance

Medium pressure gas burner giving a reliable heat source and cost saving efficiency

Constant all round heat distribution

...and more with...

the Sierra Gamebrooder which incorporates our years of hands on experience. The industry has endorsed the specification of the brooder as gamekeepers up and down the country have said that they have found it meets all the needs of their current day-to-day brooding requirements.

QTPO	Pins	**£0.95**
QTGN-004	Quick Tag Gun	**£17.00**
QTSN-005	Quick Tag Gun spare Needle	**£6.38**

The Jiffy Tag is a very versatile self-piercing tag that can be used for many different applications. Its sharp reinforced point and concealed locking structure provides the same protection as a sealed band.

Tagging Hints: The Jiffy Tag is designed as a one-step application. Insert the band in the applicator first. Line up the “bubble” on the band with the recess in the applicator. Make sure the “bubble” side of the band is flat against the jaw of the applicator.

P71 pluka

with wall-mounted feather collector

1. The pluka head can reach feathers on any part of your bird
2. Easy to reach On/Off switch
3. Change a full bag in under 1 minute
4. The pluka dishes will not damage your skin (or damage the bird)
5. Push fit fittings on the pluka & feather collector
6. Wall mounted feather collector fits easily onto its wall bracket.

About the pluka.

The pluka P71 is the best value dry plucking machine in the world. Plucking feathers by machine is easy with a pluka P71. Takes feathers from ducks, geese, chickens, pheasants, quail, pigeon, partridge, grouse, turkeys, no problem! Removes feathers without damaging the skin. Its safe to operate has long lasting parts and is now becoming widely used across the UK and other countries. The P71 and P7 come complete but require some assembly before use (approx 10 minutes – all you need is a 17mm spanner, other tools provided). Maintenance can be done by the user, manual provided. The pluka P71 includes a wall-mounted cyclonic vacuum system which has a three-stage dust filter, making it the cleanest plucking machine in the world as well. There is a 12 month warranty. The pluka is made in the UK.

Models Available

P71 - complete with wallmouted vacuum
P7 - pluka with stand only (requires vacuum to work)

Spares & Accessories

DISH1-7 - single replacement dish
DISHSET - Full set of replacement dishes
DRIVE - replacement drive shaft
BEWH - Bearing and wheel (x 2)
PPFILTER - set of 6 paper bag filters for the vacuum
FBAG - 10 x heavy duty clear plastic feather bags
HOSEC - 1.5m hose with cuffs
HOSE - 1.5m hose without cuffs
VACKIT - Vacuum tool kit to make the vacuum into a functional vacuum cleaner

Pest Control

Rotalight hazard lights can be used in any situation where the presence of dangerous conditions has to be conveyed clearly, for example on Tractors, ATVs, Trailers, Automatic Estate Entrances. They can also be used as predator deterrents around Release Pens or on Rearing Fields.

The lights work off a 12v battery and are constructed from high impact polycarbonate.

They are available in four colours; Red, blue, orange and green.

Size: 150mm diameter

- **Warning light for tractors, forklifts, ATVs and Trailers**
- **Warning light for automatic doors or gates on entrances to Estates or buildings**
- **Use as predator deterrent**

Happy hens lay better eggs more often

Plus

All New

Life-Guard™

Life-Guard™ Naturals - support for every aspect of your chickens general health and well being.

naturals

Get happy hens with Life-Guard™ a natural supplement formulated for chickens with a patented formula of antioxidants and vitamins which will improve your hens' diet and lifestyle.

Feed **Life-Guard™** everyday:

- when quality and quantity of eggs matter
- when your chickens seem 'a little bit low' and need a little extra
- during and after moulting
- as a **"must"** for ex battery hens

You will see the difference in the colour of your hen's comb and her eggs yolks and she will feel the difference.

"I use Life-Guard tonic for all my poultry and recommend it on a daily basis to breeders, exhibitors and household poultry keepers alike and these natural supplements are of the highest quality and a perfect addition to the range."
Victoria Roberts BVSc MRCVS, Honorary Veterinary Surgeon to The Poultry Club

Terms & Conditions

PRICES:

Prices exclude V.A.T. and are subject to alteration without prior notice in the event of raw material cost increases or VAT charges. We reserve the right to change the design of any equipment shown in this catalogue without prior notice.

CARRIAGE:

Carriage at cost plus V.A.T. at current rate.

GENERALLY:

1. These are the only conditions under which game birds, eggs and equipment are sold by the seller and no variation of these conditions shall apply unless accepted in writing by the Seller or its duly authorised agent employee or servant.
2. In the Conditions the following words shall bear the following meanings:-
   'The Seller' shall mean Patrick Pinker (Game Farm) Ltd
   'The Buyer' shall mean the person purchasing the goods.
   'Despatch' shall mean unconditional appropriation of the goods to the Contract and 'Despatched' shall be interpreted accordingly.
   'Game Birds' shall mean pheasants, partridges, quail, ducks and guinea fowl of any age.
   'Equipment' shall mean any items sold by the seller other than game birds and their eggs.
3. Patrick Pinker (Game Farm) accepts no liability for any damage or loss arising from:
   (a) delay or failure to deliver stock or goods for any reason whatsoever.
   (b) the incorrect or improper use of any goods or equipment supplied by it. Where the purchaser is supplied with operating instructions and in particular instructions for the use of incubators, the Sellers recommended procedures and practices must be followed and failure to follow such instructions by the purchaser shall be deemed to be an incorrect or improper use.
4. Goods represented by the buyer to be defective shall not form the subject of any claim for work done by the buyer or for any loss, damage or expense whatsoever arising directly or indirectly from such defects, but such goods, if returned to the Company and accepted by it as defective, will be at the request of the buyer and if practical be replaced as originally ordered. Defects in quality or dimensions in any delivery shall not be a ground for cancellation of the remainder of the order of contract.
5. The property in the goods shall pass to the Buyer and the purchase price shall become due and owing at the time of despatch to the Buyer and all goods are despatched at the Buyer's risk and the Seller shall not in any circumstances be held liable for any loss or damage to the goods after the same have been despatched.
6. If the place of delivery is a Railway Station the Buyer shall at his own expense and risk make proper provision for collection therefrom.
7. Notwithstanding the passing of the risk in the goods until full payment has been received by the Seller, for all the goods whatsoever supplied at the time by the Seller to the Purchaser, the property of the goods remains in the Seller. The Seller may without prejudice to it's other rights and remedies recover and/or resell the goods and may come upon the Purchaser's premises at any time without notice to respossess the goods without any liability. If the Seller ceases to carry on its business or a substantial part thereof or if any distress or execution is levied on any part of the Purchaser's property or if the Purchaser makes or offers to make arrangements or composition with creditors or commits any act of bankruptcy or if any resolution or petition to wind up the Purchaser's business is presented or passed or a Receiver is appointed of the Purchaser's undertaking property or assets or any material part thereof.
8. Whilst every effort is made to ensure that the quality of any bird delivered is as ordered, the Seller shall not be liable for any defect in the quality of any such bird nor does the Seller warrant that the birds delivered shall be free from disease.
9. An additional charge may be made for packing and carriage on all orders.
10. 2% of the total ordered is added free of charge by the Seller on all orders for day old chicks.
11. Where the subject of the contract includes hatching eggs the Seller shall not be responsible if all or any of the same fail to hatch but without prejudice to this 5% of the total order is added to all orders for eggs.
12. In the event of the Buyer setting the eggs or causing the eggs to be set in an incubator this is done entirely at his own risk.

EQUIPMENT:

13. No express or implied conditions, statement or warranty whether statutory or otherwise is given or intended to be given as to the suitability of the equipment for any particular purpose and no liability is accepted by the Seller for any loss, damage or injury caused whether directly or indirectly by the use of the equipment.
14. An additional charge is made for packing and carriage of all equipment.

HOW TO FIND US

FROM THE NORTH AND MIDLANDS

Leave the south-bound M5 at junction 14 Falfield for the A38 to Bristol (the Game Farm is approximately 7 miles from this junction). Leave the A38 at Rudgeway Lights onto the B4427/Church Road, keep going straight onto the B4059 -21/2 miles to duck pond on the left. If you cross a level crossing you have missed us - turn around.

FROM THE SOUTH WEST AND WALES

Leave the north-bound M5 at junction 16 Almondsbury for the A38 to Gloucester (the Game Farm is approximately 5 miles from this junction). Leave the A38 at Rudgeway Lights onto the B4427/Church Road, keep going straight onto the B4059 -21/2 miles to duck pond on the left.

FROM LONDON

Leave west bound M4 at junction 18 Tormarton for the A46 to Old Sodbury (the Game Farm is approximately 9 miles from this junction). Turn left onto the A432 to Chipping Sodbury and Yate onto the B4059. At Iron Acton, Latteridge is sign-posted. Cross the level crossing and the Game Farm is on the right as the road bears left.

If in doubt please ring when in the area - Rangeworthy (01454) 228416/228730.
